I am a very social individual and I take pride in doing a good job and my job. I am fluent in spanish. I learn the job very quickly and will strive once I have been taught the essential skills to do the job. I am great at making friendships and maintaining friendships as well. I understand that customer service is just as important as knowing the job and I work just as hard to maintain both skills.

EMT-B

Ambulnz - Covina, CA

June 2018 to July 2020

June 2018-Current)

Over the past 3 months I have gained all the basic experience one would need for an IFT job. I have completed 1 hour transports from homes, residences, sniffs, ER's, and more. I have gained the competence to complete full and acceptable PCR's for patients. I have transported NICU, RT, RN, and CCT calls. I learned how to master driving the ambulance as well whether it may be to teach someone how to drive or to drive for entire 15 hour shifts. I have never any

issues with uniform violations or any issues with management. Everyday I clock in to make sure that I do my job to the best of my abilities and make sure that our goals are met for the day.

Pizza Driver

Monstrous Pizza - Covina, CA

July 2016 to April 2018

Main job is to deliver pizza to many of the customers. Manage delivery drivers during times of high stress to keep organization and orders efficient. During other times of stress, I take phone orders and relay them to the kitchen staff. As well as taking phone orders I assist in making the food orders. During opening hours, I prep all the foods that are needed for the day. This includes cheese, meats, and veggies.

EMT School and Certification

(November 2017-May 2018)

Over the course of six months I have been taught the skills to manage emergency medical situations. Whether it comes to a simple cut or a MVAC I am able to quickly formulate and decide a course of action. I feel that with all the training I have received I am able to save someone's life with 100% certainty that I did everything that was possible.

I have done 2 12 hour rotations on an ambulance as well as 2 12 hour rotations in a hospital ER.
